* *Printer's correction: On p.290, a line is missing after the 10th line, as follows: "During this same period, there was a rumour of an underground"*².

¹ [TN: At the time this bibliography was composed, Waga's work was still in the making; it was eventually published in Buenos Aires, Argentina in 1949 by the "Unión Central Israelita Polaca en la Argentina" (Central Union of Polish Jewry in Argentina).]

² [TN: We have corrected this not using the words mentioned here, but based on the author's subsequent account in the book "Czenstochover Landsmanshaft of Montreal" (p.185), which fits the context even more appropriately.]
