

The Fourth Resettlement

The fourth deportation comprised the "*bunkerowces*", who had been captured (all those in hiding were called "*bunkerowces*"). Two points were created for them, where they were held under a strict watch.

The first point was the *Maggid's Shul* on ul. Katedralna and the second one in the Old Study-Hall on ul. Mirowska. All the "*bunkerowces*" held were horribly tortured and finally sent away to Treblinka, just as all the other Jews of the previous deportations.
