

## Dr Morris Zajdman

Dr Morris Zajdman, son of Zyskind and Hendla Zajdman, was born in Częstochowa. Dr Zajdman is well-known among our *landsleit* for his extraordinary kindness and the aid which he gives to all Jews and Gentiles suffering poverty in the city of Toronto. He has helped many *landsleit* reach the State of Israel or Canada. Dr Zajdman never refuses to extend his hand in aid to anyone who turns to him.

Dr Zajdman's aid consists of money, clothes and medicines. In 1946, Dr Zajdman was in Poland and visited his hometown Częstochowa. He found no one from his family. But he found despondent *landsleit*, some of whom he assisted, bringing them to Toronto, Canada, with their families, and providing them with accommodation and job – and all of them are, as of today, settled down well.

In 1953, Dr Zajdman travelled to the State of Israel, where he seeks out *landsleit* from Częstochowa, providing those in need with anything he can.
