

## ***Częstochowers in Haifa***

The Association of Częstochowa Jews in Haifa was founded in 1932 by Juda Dancyger z"l.

The organisation's main activities, since its foundation, are to aid our *landsleit* with loans from the Charity Fund, which was established by Częstochowers, as well as arranging work [for them].

Following the Holocaust, we acted, with all the means we had at our disposal, for the Surviving Remnant, in order to alleviate the hardships of their integration into the country.

The members of the board are elected at a general meeting, which is held annually near the date of the memorial service.
