The *Częstochower Landsmannschaft* of Montreal

The main activity of the *Częstochower Landsmannschaft* of Montreal is centred upon arranging a annual memorial service in honour of the *Częstochowa* martyrs who were annihilated by the Nazi murderers, immortalising the history of the *Częstochowa* community in various manners, sending material aid to [our] needy *landsleit* in different countries and maintaining constant contact with all the *Częstochowa* institutions in Israel, as well as in the entire Jewish World.

The Society also conducts intensive activity to present materials and testimonies in the trials against the Nazi murderers who are guilty of destroying *Częstochowa* Jewry.

Representing the once colourful Jewish community of *Częstochowa*, the *Landsmannschaft* of Montreal has gained a respected position in the city's social and cultural life.
