

Izrael Tyberg z"l

He emigrated to Palestine in 1926 as a pioneer and was a member of the *Ha'Chalutz Ha'Mizrachi* pioneers' group in Rehovot. Due to the harsh climate and the backbreaking work, he fell ill (he was 17 at the time) and, on his doctors' orders, he was forced to leave the country.

He returned to Częstochowa and, ten years later, made *Aliyah* for the second time and renewed his pioneering work, with full commitment, taking part in the Hebrew Labour Conquest¹ [Movement's] campaigns

A disaster took place during his work, at which he met his death on 20th Cheshvan 5698 (1938) [sic; 25th October 1937], when he was only thirty years of age.

Izrael Tyberg's tragic death shocked the entire Częstochowa Jewry, who knew and respected him as an active man and a dedicated Zionist.

May his soul be bound in the Bond of Life!
